Summary

i am Adeebah Al-Sarawi, a final-year student at the Hashemite University majoring in Business Information Technology. I am passionate about web development and eager to enhance my skills in this field. I have a solid understanding of the basics in my specialty and am capable of learning new programming languages quickly. I am seeking an opportunity for field training to develop my skills and contribute to a dynamic team. Currently, I have three hours of field training remaining and am looking for a company that will help me grow professionally..

Hard SKILLS

Web Development	JavaScript	HTML/CSS	Database	Problem solving
Java	Data Structure	SQL	OPP	

Soft SKILLS

Communication	Responsive Design	Quick Learner
Time Management	Teamwork	

PROFESSIONAL EXPERIENCE

Skillsswap App: As my graduation project, I developed SkillsSwap, an app designed to help university students exchange skills And :

Create profiles to showcase their skills and areas they want to learn. Connect with other students to arrange skill exchange sessions. Schedule sessions conveniently. Rate and review exchanges for quality assurance. SkillsSwap enhances students' learning, promotes collaboration, and builds a strong community within the university. The app features a use interface and was developed with a focus on clean architecture and efficient state management.
